CERTIFICATES AVAILABLE UPON REQUEST

UNIQUE SKILLSET

VIDEOGRAPHY & EDITING/PHOTOGRAPHY

I have been approached to create elaborate and high end marketing material for my previous employers as I have a genuine interest and knack for videoFX and editing. This has included, but not limited to, purely marketing tools such as social media content as well as personal charter edits that guests have requested above and beyond what the vessel offers. Examples available on request.

SAILING

Over and above my certifications and professional career, I have an extensive background onboard yachts. I have been fortunate enough to be exposed to this industry from a very young age with a vast wealth of knowledge of yachting. Yachting is in my blood.

BUSINESS MARKETING/STATISTICS

With a background in business management and marketing in my adolescent career, which has proven useful in my most recent job. I am able to go above and beyond the regular duties of a Captain. Providing marketing tools and knowledge to benefit the company. This experience came from university, previous employment and genuine interest in today's market.

CARPENTRY

Diversity is important, and so is the ability to adapt. Alongside watersports and videography, I share a passion for carpentry. This allows me to work with my hands and share my creative nature.

WATERSPORTS INSTRUCTOR

Now for the fun stuff. I have been a water sports instructor for a number of extreme sports; Surfing, kiteboarding, wakeboarding, and skiing to name a few. Along with my creative side comes an enthusiastic "athlete" with an interest in spreading the love for the outdoors and water sports. My knowledge of the ocean from lifeguarding and watersports has encouraged and ensured that guests have had an unforgettable experience.
